Swimming in the pool after sunset is not permitted because cleaning and disinfection are being done. Street clothes (shorts, T-shirts, etc.) are not allowed as a swimwear. It is mandatory to wear appropriate swimming clothes.

THE RED SEA

Swimming in the sea after sunset is both dangerous and strictly prohibited. It's important to avoid touching corals or sea animals with your hands. This may cause serious injury to you and harm to coral reefs and marine habitats. Avoid feeding the fish. Fish feeding with human food can have damaging effects on marine life and the environment. Furthermore, it attracts both harmless fish and other dangerous sea creatures to the feeding spot.

Please note, that opening and closing times of hotel facilities can be change at any time through Nubian Village Management and are subject to hotel availability, season and weather condition.
